Relates how the greyish-yellowish-brownish leopard came by his spots.

Reviews of the How the Leopard Got His Spots (A Just so story / by Rudyard Kipling) by Rudyard Kipling

Najinn

one of my favorite books as a child. I love the art.

Uleran

A classic story for children. I bought this edition because I read the same one as a child and have always loved the artwork. My little one has quickly adopted it as a favorite book.

Weiehan

Would give it 10 stars if I could.

Nulix

I love this book and thought that I had ordered this book. Well the book I got was the wrong book. I am very angry.

lucky kitten

Was this a scam? Advertise a project, then do nothing when the customer receives nothing, but pays anyway? Shame on Kindle, or Amazon.

Prinna

I remember going over to my grandma's house as a little girl and having my mom read me this book. I loved this book so much I had to get it for my own kids. The illustrations are so beautiful and colorful. Definitely keeps a child interested.

LoVe

Keep this one on your bookshelf, O Best Beloved. It is the entire original story of "How the Leopard" in all its Rudyard Kipling language. It just melts in your mouth as you read it. The Ethiopian likes to use long words, because he is a Grown Up.

The illustrations are interesting and full of movement and dappled shade. This book is a keeper. Excellent, original illustrations by Lori Lohstoeter.
