Reviews of the **Edge of Danger (Super Nocturne)** *by* Rhyannon Byrd

Gosar

This was the second story of this series. I really liked the story but it was not as good as the first one. I am not sure exactly why but I suppose it had to do with the way this one wound around the plot. I enjoyed, for the most part, the story but I was just not as intrigued as I was with the first one!

Nidora

I enjoyed this book more than the first one. The love scenes were hot and sexy. However, Saige's character seemed a bit stupid to me. I mean, how many times can you go running off by yourself before you realize you probably shouldn't do that?!? Overall it was a great book and I'm looking forward to reading the next in the series.

Olelifan

I loved this book, again I am amazed about how good this story was. I would highly recommended it to anyone who loves paranormal love stories with a twist of sexual tidbit.

KiddenDan

I like Rhyannon Byrd and this book was another fascinating one to read. It also is completing my collection of the series

The Rollers of Vildar

The book was exciting from start to finish. It's like a Harlequin love story meets Play girl. Sensual and sweet with an edge

Of provocative and pornographic love making.

Fohuginn

This was an awesome paranormal book..can't wait to read the next...the only thing is I wish they did not fight so hard against each other

Antuiserum

I love all these books great story lines and great love story keep you wanting more must read if you enjoy supernatural Romance
