Reviews of the **The Call of the Wild: Complete and Unabridged (Puffin Classics)** *by* Jack London

Androlhala

it was a lot better than I thought it would. A story from a dogs view

Xtani

A great book of yet another which I have the original from many years ago.

Easy to immerse yourself into and enjoy the moment.

The Call of the Wild and To The Man on The Trail are two of my favorites.

Glei

good shipping and price

Hilarious Kangaroo

Purchased as middle school introduction to the classics.

Skyway

This is a great book for both adults and children of independent reading age. It is especially good for encouraging reading, because its gripping.

Urreur

The book is a classic and was a required book for my teen to read for school. I would recommend the book was received in great condition.

Fearlessinger

Great book as are all of Jack London's.

The advertising that it's large print is misleading.
